Re: First Round Channel Election Conflict Resolution
KCBY-TV, Coos Bay, Oregon (FIN-49750)
FCC File No. 20050812ABL
MB Docket No. 03-15

Dear Ms. Dortch:

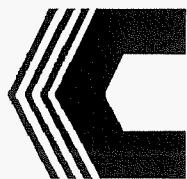

On August 12, 2005, Fisher Broadcasting – Oregon TV, L.L.C. (“Fisher”), licensee of KCBY-TV, Coos Bay, Oregon, electronically submitted an FCC Form 383 First Round Conflict Decision (see FCC File No. 20050812ABL) by which it resolved the 0.6% interference predicted to occur to elected NTSC channel 12, KDRV(TV), Medford, Oregon. Soda Mountain Broadcasting, Inc., licensee of KDRV(TV), has agreed to accepted the predicted interference. The negotiated conflict resolution agreement is attached.

If there are any questions concerning this matter please contact the undersigned.

Respectfully submitted,

Kimberly A. Lacey

Dear Jim:

Re: KCBY-DT/KDRV-DT Interference
Reference: FCC 2-A726-NS

Soda Mountain Broadcasting, Inc., owner of KDRV/KDRV-DT, has reviewed the potential interference to its elected Ch 12 KDRV-DT signal by the KCBY-DT ch 11 signal with a cardioid pattern centered at 270 degrees at an ERP of 3.2 Ks as proposed by Fisher Broadcasting-Oregon TV, LLC in its first round election. The interference is calculated to impact a total population of 2,146 (0.57%).

It is anticipated that the area of interference within the approximate 19-mile radius of KCBY-DT is not in an area which will burden KDRV-DT potential viewers, and will not affect coverage in KDRV-DT's city of license or desired coverage area, and therefore agrees to accept such predicted interference and waive its objection.

Such waiver is subject to the following conditions:

>KCBY-DT will be constructed with the pattern and at the power level indicated above;

>Fisher Broadcasting-Oregon LLC shall waive any interference objections that the proposed KDRV-DT signal may have to KCBY or KCBY-DT in the course of KDRV-DT's normal operation.

Sincerely,

Dana Siebert
Executive Vice President
